Conducted by the C. I. C.
For the Good of the Community.

A BOOSTER BEE'S BUZZ

Campbell is at this time specially reminded of the fact that she has A Fire District, A Fire Commission and a Volunteer Fire Department.

The voters in the fire district are asked to elect three fire commissioners April second.

The extension of the fire district will no doubt be a portion of the new work in store for the commissioners.

Let us remember our firemen; interest ourselves in their aims; assist them financially and in friendliness while we contemplate extending their field of possible labors.

The C. I. C. meets every first Thursday of the month. Next meeting April 5.

PROMINENT MEN KILLED IN CRASH

Race With S. P. Train Near Pomona is Disastrous

Pomona,—Louis Burston, a motion picture producer of Los Angeles, and Thomas Truxton Strain, horse show promoter, of Portland, Or., were killed, and Miss Grace A. Farr of Los Angeles seriously injured, when the automobile in which they, apparently, had been racing a Southern Pacific train was struck at a grade crossing a mile west of Pomona, and hurled 200 feet.

The crew of the train, declared the automobile party had been traveling at a high rate of speed, evidently trying to keep up with or overtake the train. Unfamiliar with the boulevard along which they were traveling, the driver of the motor followed it around the sudden curve which led to the crossing.

Louis Burston, was manager of a large motion picture production organization. He had been identified with independent screen productions here for the last four or five years. He is survived by a widow and two daughters.

Thomas Truxton Strain, horse show promoter, of Portland, Or., was manager of the Southern California Horse Show, set to open at the Ambassador arena in Los Angeles April 3. He had been identified with equestrian activities on the Pacific Coast for many years.

CHILD IS BURNED TO DEATH

18 Months-old Baby is Victim of Heedless Play

Vallejo,—Irel Johnson, 18-months-old son of Mr. and Mrs. Albert Johnson, was burned to death in a fire that threatened their home in Vallejo Annex, while his brother, Vernon, 7, and 11-year-old aunt, Gladys Johnson, unable to rescue him from the flames sought aid from neighbors.

While the children were alone in the house, Vernon had placed paper in a wood stove in the attic, and before he had time to replace the cover flames leaped out and ignited the curtains.

In a few moments the room was ablaze and Vernon and Gladys, unable to reach Irel, rushed out into the street to procure aid. When neighbors reached the attic Irel had been burned to death.

SMUGGLERS AT LONG BEACH

Officers Surprise Party of Prominent Men Landing Liquor

Long Beach—One man is believed by the police to have been killed in a raid on a liquor landing party, which also resulted in the arrest of three prominent Long Beach men and four others suspected of being members of a Hollywood smuggling ring.

The police fired upon a launch seen pulling away from the dock of a corporation of fish packers. One man was seen to fall overboard. His body was not recovered.

Three of the men arrested were the president, sales manager and general manager of the corporation, all of Long Beach.

The raiding officers seized seven automobiles belonging to the corporation, 166 cases of liquor they said was worth $20,000 alleged to have been landed from the launch.

The police said they believed the man who disappeared in the water was a Japanese. Two other men, also said to be Japanese escaped from one of the seized automobiles

TWO CAMPBELL WOMEN ARE SERIOUSLY INJURED

A party of Campbell people were victims of an automobile accident Sunday afternoon. J. W. Evans had taken Mrs. M. A. Miller of the Campbell Cafe, Mrs. Cyr and Mrs. Cunningham of the Dewey apartments and Mrs. Cunningham's children for a ride.

On the Monterey Road where a spur track crosses the highway, a train was coming on the main line, which a driver unfamiliar with the road thought would cross the road. He had turned out to pass a group of machines but seeing the train tried to cut in and stopped in front of Mr. Evans so that it was impossible to avoid a collision.

The latter's machine was toppled over so that the occupants were thrown out and the women injured. Mrs. Cunningham escaping the best of any, altho she was severely bruised in many places. Mrs. Miller and Mrs. Cry were taken to the hospital, the former bruised and with a slightly broken cheek bone. Her injuries permitted of her return home Tuesday, but Mrs. Cyr is still in the hospital in a critical condition, having a broken shoulder bone and a fracture of the skull, the latter injury being the one that is causing the danger.

At the time of going to press she was resting as well as might be expected and the physicians were hopeful of her recovery if conditions continued as favorable.

BENEFIT CONCERT FOR LIBRARY FUND

In another item we have explained the financial situation relative to the new library. When the campaign for funds was underway, the Misses Bozena and Helen Kalas offered to give a benefit concert when the new auditorium was available.

That concert has now been set for the evening of April 14, and as everyone in this community has had opportunity to know, will be one of the best musical events in the history of Campbell.

Now that the necessity of having more money has been explained, the club is expecting large financial returns from this musicale. All that is secured in this way will reduce the loan debt, so that both as a courtesy to these two artists who are giving so generously of their talents, and to swell the building fund as much as possible, the whole community is asked to buy tickets and fill the auditorium to capacity.

There will be a generous reserved section for which the admission charge will be 75 cents. General adult admission will be 50 cents, and a price of 25 cents will be made to all students, the only restriction being that order and quiet must prevail.

Everyone please constitute yourself a committee of one to talk concert and encourage the purchase of tickets both here and in outside communities.

Send a copy of the Press to your friends back east—$1.50 a year.

KEESLING WILL BUILD LIBRARY

Friday evening the directors of the Country Woman's Club met with Architect H. W. Higbie and opened the bids for the new library.

The lowest was that of Mr. C. F. Keesling of Coe Avenue, San Jose, but it was considerably over the amount of money pledged for the building.

The members of the Library Association, and of the Finance and Building Committees of the Club were called in joint session with the directors to consider the problem.

Mr. Keesling's bid would only hold until Sunday night as the cost of building materials is constantly on the increase, which accounts for the bids being more than the original estimated cost. The consensus of opinion after careful consideration and discussion of the possibility of starting over from the beginning and devising new and smaller plans, was to advise the directors to borrow the needed amount and proceed with the present plans.

As Saturday seemed an impossible day to assemble a representative number of the Country Woman's Club, Mr. Keesling agreed to extend his time twenty-four hours, so a called meeting was held Monday afternoon. Following complete explanation of conditions and responsibilities involved, the members voted unanimously in favor of the recommendation made at the opening of the bids, and authorizing the directors to borrow to the extent of $2,500 if necessary.

In accordance with all these resolutions, the bid of C. F. Keesling has been accepted and work will be under way in the near future.

BIRTHDAY PARTY NETS NEAT SUM

Altho the number of attendants at the Home and School Club Birthday Party held last Friday at the beautiful country home of Mr. and Mrs. S. N. Hedegard was materially lessened on account of sickness and smudgin, the treasury is the richer by about $30.

The house was profusely decorated with long sprays of apple, prune and cherry blossoms, artistically arranged thruout the spacious rooms.

In the afternoon Mrs. L. J. Carboni, accompanied by Mrs. D. H. Cramer, sang two numbers which were much appreciated, and Mrs. Weimer of Saratoga gave a readiing. In the evening Miss Barbara Dow read two humorous sketches and Dr. W. I. Merrill sang two solos, acting as his own accompanist.

Abundant refreshments were served, in the afternoon buffet style and in the evening, the dinning room was extended to its full length and the company seated around it.

The club is working now for money with which to buy needed things for the new school and to start a cafeteria lunch fund. Their share of the proceeds from the entertainment which Mrs. Vaudine Putnam Sanders' classes will present in April will swell this fund.

NEW SCHOOL BUILDING TO BE DEDICATED APRIL 6

The progress and enlightenment of any community is largely estimated by the attitude it takes with regard to its educational institutions. Fine schools are the greatest assets of our commonwealth. Our new school just completed is the index of the district's progressive spirit and is daily adding its influence for the growth and prosperity of this section of the county. It is one of the finest buildings of its kind in the state and Campbell Union Grammar district is getting some of its best publicity from the many visitors who have already seen the structure.

The Board of Trustees has set April 6th as the day of dedication by the district and the new auditorium will be formally opened to the public with fitting exercises.

The speaker for this occasion is Hon. Will C. Wood, State Superintendent of Public Instruction.

HI Y WILL CONDUCT EASTER EGG HUNT

The "Hi Y" Boys are to conduct an Easter Egg Hunt for all the Grammar School students, both boys and girls, Saturday morning, March 31, the day before Easter. All those wishing to take part in the hunt are urged to register before Saturday morning at Whitman's Hardware store or with Mr. Allen. There will be a fee of 5 cents. There will be some 200 colored eggs; different colors counting different points, and about 10 prizes will be given to the ones getting the highest number of points. The merchants of Campbell have been very generous in donating to this cause and deserve much credit for their generosity.

All contestants are to meet on the Library lot at 9 o'clock, at which time further instructions will be given. Come on boys and girls and have some fun and make this occasion one which we will want repeated in years to come.

Have you something to sell? An advertisement in the Press will bring you a buyer.

EASTER SERVICES

At the Congregatinal church next Sunday there will be special Easter services both morning and evening. In the morning there will be the reception of members and the Communion service, with appropriate sermon and music. In the evening the choir, assisted by Mrs. Harry Smith as reader, will give "The Dawn Immortal," a beautiful Easter story and song service.

The story is by Mabel Roseman, with its setting in the village of Bethany at the time of the Resurrection. The music is by well known composers and is very pleasing and well worth hearing. The choir of sixteen voices is directed by Dr. W. I. Merrill, with Miss Irma Young at the organ. The evening program is at 7:30.

J. M. Butts is mourning the sudden death of his grandson, Harold C. Butts, of Cupertino, which occurred March 23. Mr. Butts had spent a very busy day and attended a church social in the evening, but succumbed to an attack of acute indigestion.

THE GRANGE

At the Grange Tuesday evening, Mr. Coupland, of the Farm and Orchard Committee said that orchardists should plow in spite of the hard dry ground—breaking the crust and cultivating would help to keep moisture in soil and that there would be enough to carry crops through.

Speaking on education Mr. Noddin said it costs more to run farms, it costs more to raise prunes and every other product now than some years ago, and the same was true of the schools—it costs more to carry them on in every line of work than a few years ago. He said that conditions have changed the trend of education. Emigrants are different from those who came years ago mostly from the north of Europe—now they are mostly from the south and of such a different type that they do not assimilate and mix with the older stock so readily as those who came at an earlier date. The children of these later emigrants require somewhat different treatment in the schools and to carry on the schools properly was necessarily more expensive. California and Massachusetts are said to spend more money per capita for education than any other states. They also have large foreign populations.

Mr. Cooley, under the head of Civic Improvements, thought that the Californians, Incorporated, was doing good work in inducing people to see the whole of California. He said they were advertising heavily in many papers including those of Los Angeles and were receiving 3000 inquiries a day from interested people and that there would be a big demand for small places in the next ten years.

Mr. Shelley read a paper on the rearing of baby chicks. He said it was very important to keep them warm for the first week or two for if not warm enough they would crowd together, often smothering the weaker ones. Dried buttermilk in the mash was recommended. Small pieces of meat, too large to be swallowed, would keep them busy chasing each other and provide needed exercise.

Myrtle Arnott gave a fine selection on the piano as also did Irma Young, followed by a solo by Evelyn Henry, accompanied by Irma Young.

George W. Stone, 83, member of the State Board of Education and credited with being one of the crew of the Union turret ship Monitor, which repulsed the Confederate ram Merrimac during the Civil war, died at his home in Santa Cruz last week. He was the former Mayor of Santa Cruz. against an iron power pole.

A movement has been started in the Turlock Chamber of Commerce by a number of prominent business men and realtors to finance the planting of 1,000 acres of figs, east of the city, to be subdivided into small ranches later. The plan is still in its infancy and the question of raising the necessary finances is the greatest obstacle to be overcome.

Subject to confirmation by the senate Governor Friend W. Richardson has announced the appointment of George D. Squires, attorney of San Francisco, to the office of state insurance commissioner to succeed E. C. Cooper, whose appointment by former Governor William D. Stephens was the cause of much controversy in the legislature several weeks ago.

Traffic and distribution problems affecting the pear industry and the fruit industry of California as a whole and the need for increasing the consumption of pears in many sections of the country were high points of the first annual convention, Sacramento River District, California Pear Growers' Association held at Courtland. Over 350 growers and others interested in the industry attended.

The Reserve Fund in the Family Budget

Mrs. H gave the wood man a $60 check for the winter supply, and the dealer was struck with surprise by two things: he was not used to having bills paid by the woman of the house, and he was amazed at her cheerful smile when she did it.

"Beats all," mused the dealer to himself, "now you would have guessed by her looks that she really thought paying that wood bill was a pleasure."

Mrs. H— doesn't mind our telling her secret. She sets aside five dollars a month for the wood bill, just as she regularly puts by a monthly amount for each of her other yearly expenses, and she gets a great thrill in seeing her plan work out successfully. She systematizes the finances of her home like a manager of big business.

Here is her list of estimates: wood blocks for heating, $60; taxes, $45; doctor bills, $100; dentistry, $100; annual family vacation, $120; fire insurance, $15; depreciation on family automobile, $200; painting and repairs on house, $100. Total, $740. Monthly reserve deposit to cover, $61.70.

Some who read her list will at once exclaim: "Why, we never spend so much, for this or that!"

Neither does Mrs. H—. For that reason her reserve fund is accumulating from year to year, She has worked out a formula which she puts something like this: Make your estimates high, keep your actual expenses low, and you'll be a gainer to the extent of the difference."

Ease of mind, absence of worry, the pleasure of seeing things come out even better than you expected, the sense of being the engineer of your own future—those are some of the good results of having a reserve fund.

Next week we'll tell "Where the Man Comes In."

Why Not Have the Extra Good?

"I could close my eyes and believe I were eating fresh corn just from the cob. I never before tasted canned corn so delicious."

That is the actual testimony of a lady who likes Golden Bantam. She thinks it well worth the 25c a can.

We said that JHN Small Whole String Beans were canned in Lake county, but we were mistaken. They are New York Beans, and are so tender, so stringless, so delightfully flavored—altogether so great a pride to serve on your table that, once you really know them you cannot be satisfied with any other. The price is 30c.

Spinach, that wonderful succulent food charged with vitamines and blood-enriching iron. But the the work, the pains, the grief, the dollar's worth of energy consumed in washing the gritty soil from 10 or 15 cents worth of leaves! Don't do it. Let a large can of JHN Spinach, 1½ lbs., machine-cleaned, cooked, ready-to-serve at a cost of only 20c, save your time and nerves. There's proportionate value in a smaller 15c-can.

What of "paste" and what of true macaroni? Common "paste," so-called macaroni, is made from starchy white flour. Seminola, real macarona, is made from the glutinous portion of specially hard wheat. "Paste" macaroni you may perhaps merely like; but Semolina macaroni you will be charmed with. Ask for Semolina in the small elbows, or in the short, "salad" form. The pound, 15c.

Home preserved fruit is getting scarce, or you are growing a bit tired of it. Now you can sample the commercial sorts and possibly get a new idea or two for your own preserved fruits next year. Try Ainsley's Fruit Salad in either the 30c or the 50c size. And then in Shaw's Jam we have another high class article, a jam that tastes, as customers say, "like the real fruit." In cans: berries, 35c; peach, apricot, fig, 30c

Mrs. Hattie Baugh and Miss Helen Baugh went to Sacramento Tuesday to visit relatives. They will return Sunday, Miss Baugh remaining in Oakland to resume her school duties.

A. J. Jones has purchased six lots south of Central Avenue and east of the S. P. tracks, from Hattie Bollinger. Mr. Jones already owns considerable property on Railroad Avenue which he has been improving.

Mrs. J. J. Pardee was called to Yerrington, Nevada, last Thursday by the death of her father, James Nichol. Mr. Nichol was almost 88 years of age and had been in frail health for some time. Two years ago he visited his daughter but was not satisfied to remain away from his Nevada home.

Those who saw the benefit entertainment given by the pupils of Mrs. Vaudine Putnam Sanders will be pleased to know that they will give another on the evening of April 7 in the new grammar school auditorium. The program is being given under the auspices of the Home and School club for the benefit of the Cafeteria fund.

Several properties on North First Street have been improved recently by the removal of fences from in front of them.

Miss Amy Farley, who has charge of the music and drawing in the Sutter Creek high school, is home this week for the Easter vacation.

Mr. S. L. Hayes writes that they expect to be in Campbell today to remain. Their many friends will welcome their return to Campbell.

Mrs. J. D. Sawyer and Verne Sawyer went to Piedmont, Oakland, to spend the week-end with Mrs. Geo. G. Fowler, formerly Miss Winona Sawyer.

Mr. and Mrs. Calvin Antrim and daughter came up from Fresno Friday night to enjoy blossom week and help nurse Mr. Rodeck back to health.

Mrs. O. A. Putnam, with whom Miss Margaret Hinchcliffe made her home while attending the Campbell Hi, has learned of her marriage on December 1, to C. W. Weyburn. The ceremony was performed in the Stanford Memorial church, of which university the bride was an alumnus.

Monday, April 2, is the date for the election of Fire Commissioners for the Campbell Fire District. Polls will be open from 12 M. to 5 p. m. at the Campbell Fire House. All three commissioners are to be elected as W. H. Stray and R. Alison were appointed to fill unexpired terms. E. C. Merrill is the third candidate. As we ask these busy men to give their services to this work for us, without salary, the least we can do is to show our appreciation by giving them a generous vote.

Today, Friday, from 12:30 p. m. to 5 p. m. the polls will be open at the new Campbell Union Grammar School for the election of Trustees for both Campbell Union High and Grammar Schools. If you are interested in the welfare of our schools come out and vote. A. B. Townsend of Campbell district is a candidate for re-election to the high school board, and Jos. A. Conner of Meridian and Geo. L. Husted of Hamilton for the grammar school board.

FREE ENTERTAINMENT

A very unique and interesting entertainment will be given in the auditorium of the old Grammar School here the evening of Tuesday April 3rd.

The entertainment will consist of some ten reels of motion pictures, seven of which is an excellent Paramount production featuring Thomas Meighan and Leatrice Joy in "The Bachelor Daddy", a clean and very wholesome story. Other subjects will include "Farm Bureau Topics", a news reel covering statewide activities of this prominent organization, a reel entitled, "Just Will Rogers", giving the reasons why this funny man joined the Farm Bureau, and other equally interesting items that mean a very enjoyable evening for those that see the entertainment.

The showing given here is one of a series now being given in Santa Clara county by the state organization of the Farm Bureau in order to explain to the townsman as well as the agriculturist, the good work of the Farm Bureau.

Some two hundred displays of the pictures have already been made over the state and general comment by the press everywhere is that they are excellent.

The entertainments are free to the public and there will be no reserved seats.

A special matinee will be given in the afternoon at 2:30 for the school children.

CONGRESSMAN FREE IS HERE

TO SURRENDER CITIZENSHIP

Open Warning Issued to All Persons Involved in Fraud

San Francisco—Several thousand aliens in California, Nevada and Arizona who since the war have obtained citizenship through frauds perpetrated upon the Government attributed to Fred N. Littleton, former naturalization examiner, are to be prosecuted if they do not immediately make confessions and surrender thier citizenship papers.

Notice of the impending prosecutions and the enoromus number of aliens who in effect fraudulently purchased citizenship papers from Littleton is contained in a statement issued by Chief Naturalization Examiner M. R. Bevington, who now has in his possession a complete list of all persons participating in these frauds.

The statement says that all these persons who profited by the frauds have knowledge of the fact and if they do not appear of their own volition and without notification within a reasonable time and make confessions and surrender their papers to either himself or Frederick L. Esola, chief of the Bureau of Investigation, they will themselves be arrested and prosecuted as accomplices.

Also all witnesses are warned that they are as guilty as are the persons securing the fraudulent citizenship papers, for they knew that they were giving false testimony when they appeared for the applicants, and they also will be prosecuted if they do not assist the Government in the prosecution of Littleton and other leaders in the vast naturalization fraud ring recently uncovered.

Attention is called to the fact that every one of these several thousand persons upon conviction may be sentenced to five years in the penitentiary and to pay a fine of $5,000. Bevington declares that because of the records kept by the War Department and the Department of Labor there can be no escape from prosecution for persons who fail to profit by the Government's present offer of immunity.

UTAH INDIANS GIVE TROUBLE

Old Posey Still Waging Hopeless Fight For Freedom

Salt Lake City—Another miniature Indian war is in progress in San Juan county in the southeastern part of Utah, where the Piute Indians have caused more or less trouble in recent years. The latest outbreak was caused by the arrest and detention of two Indian youths on a charge of robbery. The news quickly reached a band of renegades in Allen canyon who immediately started depredations.

United States Marshal Ward had been ordered to Blanding, the scene of the Piute renegade Indian outbreak, by the Department of Justice, after the Marshal had forwarded an appeal for the local authorities for Federal aid in suppressing the rebellious tribesmen.

Old Posey, who has always been a figure in past Indian troubles, and is prominent in this latest, is making his last stand against his white pursuers alone. Posses under the leadership of United States Marshal J. Ray Ward have brought in twenty-seven of the renegade Piutes. Seven of the number were in irons.

Old Posey eluded the posses, but he is thought to be without food and with the scantiest supply of ammunition. His capture is momentarily expected.

A corps of volunteers, most of whom saw service in France under Marshal Ward when he was a captain of the One Hundred and Forty-fifth Field Artillery, are ready on a moment's notice to take the field should any other Indians show signs of unrest.

California Aviator Killed

Kokomo (Ind.),—Lieutenant Gilbert T. Baker of Frankfort, Ind., and Private Earl Thornburg of Whittier, Calif., were burned to death when their airplane caught fire after falling at Fagley Field here. The plane was just beginning to take off when it was turned over by a gust of wind. One of the wings punctured the gasoline tank and the plane broke into flames.

Jap Colony at Atherton

Redwood City,—Wealthy residents of the Selby tract, near Atherton, are alarmed over the establishment of a large Japanese colony of toamto growers on leased property adjoining fashionable residences. Their plea to the Board of Supervisors that the Japanese be denied permits to convey water across the highways from owned to leased lands was turned down.

Redeem May Victory Notes

Washington,—The treasury stands ready to redeem any or all of the $820,000,000 of uncalled Victory notes maturing May 20 at par and accrued interest, it is announced. These notes may be presented for redemption at any Federal Reserve Bank or branch of the Treasury Department in Washington.

Prune Orchard Stolen

Visalia,—Fred Bell, resident of Goshen, reported to the authorities here that somebody had stolen his prune orchard, consisting of sixty-six trees. He said the thief had worn something, presumably sacks, over his feet to obliterate tracks. The trees, he said, had been pulled out of the ground.

Oklahoma Oil Fire

Tonkawa, Okla.,—Crude oil valued at thousands of dollars was destroyed when thirteen 3000-barrel oil tanks in the Tonkawa Mid-Continent field burned. Efforts to check the blaze thus far proved futile. Origin of the fire is unknown.

Envoys Sail For Home

Panama,—Trade envoys, representing the chambers of commerce of San Francisco, Tacoma, Los Angeles and Seattle on a trade excursion to Latin American countries, have sailed from Buenos Aires, for the United States.

In LOS ANGELES it's RED CROWN GASOLINE by 250%

On a busy Los Angeles street corner a checker stood and asked 150 passing motorists "Which gasoline do you use?" 63 answered "Red Crown," as against 18 for the next highest brand—a lead of 250%.

Because "Red Crown" is an all-refinery gasoline every drop of which vaporizes rapidly and uniformly in the carburetor, and is completely consumed in the cylinders, giving quick starting, smooth acceleration and maximum mileage, "Red Crown" is *the* popular motor fuel everywhere.

Lumber Magnate is Suicide

Los Angeles,—Don F. Gates, millionaire lumberman, was found in a dying condition from a bullet wound in his head, on the hills of his estate at South Pasadena, by a caretaker, who told the police a revolver still smoking was in his employer's hand.

Efforts to revive Gates failed, and he died soon after the caretaker found him.

With other members of his family Gates controlled large lumber acreage in Arkansas and extensive California ranches. His residence is one of the show places of Southern California.

Saratoga Blossom Festival

Saratoga,—Saratoga played host to thousands at the Blossom festival held in the beautiful foothill town last week.

Automobiles formed a steady line down the peninsula and through the roads lined on either side with blossoming orchards. The millions of snow-white blossoms, at the height of their glory, made a dazzling show for mile upon mile, and Eastern visitors, remembering the cold snows of their home states, registered new vows to come to California early and often.

$15,000 Fire at Hollywood

Hollywood,—Three dwellings were destroyed and several others damaged when a gas heater exploded in the home of Mrs. J. M. Reinagle at Hollywood. The Reinagle home was shattered by the explosion and burned, the flames spreading to the other houses. The loss was estimated at $15,000 when the blaze was brought under control.

Auto Stage Burned

Salinas,—A Pickwick automobile stage, en route from Los Angeles to San Francisco, burned at the summit of the San Juan grade, between Salinas and Gilroy.

Six passengers who were on the stage and the driver escaped unhurt.

Forest Fires Sweep South

Los Angeles,—Forest fires Sunday devasted nearly 2000 acres in the northern part of Los Angeles county and the southern part of Ventura county, according to advices received here.
